## UAA Seeking New Website Manager!!

After successfully serving as our Website Manager for some nine years, to our regret David Cohen has decided to turn the baton over to someone new. As you know, our website serves not only as a tremendous resource for our UAA membership, but is also our face to the public. It is critical that we find a replacement by the beginning of September. This is a volunteer position requiring an estimated four hours a week. Managing the website is mainly a function of identifying and posting new content and does not require any real technical expertise. Please see further details by clicking [here](#), and consider joining the Executive Committee ranks in this key capacity.

## 2019 UAA Awards Program – Nominations Due July 31!

Only a short time remains for submission of nominations of a UAA member (or yourself) for the 2019 "Alumni of the Year" awards. Please send your nominations by July 31 to: [awards@usaidalumni.org](mailto:awards@usaidalumni.org). The prestigious awards will be announced at the UAA Annual General Meeting on October 25. The "Alumni of the Year" award recognizes and celebrates new paths taken in retirement by USAID alumni to provide service to their communities and improve the lives of others at home and abroad. There are impressive contributions among our alumni community waiting to be recognized. Examples of categories of service that are appropriate, but not exhaustive for consideration include:

- Service with nongovernmental organizations and other groups (profit or nonprofit) that work closely with communities with special needs, at home or abroad, or both (e.g., legal services or advocacy for disadvantaged groups, foster parenting, medical service in underserved areas, etc.).
- Service with groups that promote education (at any level), or the arts and or sciences (e.g., museums, community theater, music appreciation, etc.).
- Support for civic programs of any kind (e.g., scouts movement or projects promoted by groups such as the Lions, Rotary, or similar).
- Leadership excellence, including contributions to intellectual development and implementation (e.g., for sustained extraordinary achievement, dedication and passion in a leadership role).
- Service by alumni, including retirees and their spouses or partners, who are UAA members and actively support contributions in furtherance of social and economic development and humanitarian relief at home or abroad.

Don't wait until the last minute to share those stories. All nominees, including the 2019 winner(s), will be profiled in future editions of the monthly UAA newsletter. For full details about the award and how to make nominations, [please click here](#).

## UAA Dacor Development Dialogue

On June 3, at DACOR, William "Bill" Reese, CEO Emeritus of the International Youth Foundation USA, engaged with an appreciative audience on "Addressing the Youth Bulge - Is it all about Youth?" Reese, a very experienced NGO leader who for nine years was also head of USAID's voluntary foreign aid advisory committee, emphasized why it was so important for the development community to help countries deal within this enormous challenge. Development Dialogue on July 12, Liz Schroyer, President and CEO of the U.S. Global Leadership Coalition, provided the luncheon group an outstanding overview of the bipartisan efforts of the USGLC to educate political candidates and the public alike about the importance of foreign assistance and global U.S. engagement. The USGLC is a broad-based coalition of over 500 businesses and NGOs that advocate for strong U.S.

global leadership through development and diplomacy. The UAA was delighted to have the next generation of Foreign Service Officers, represented by the 2019 Payne Fellows, attend the event. The Fellows were accompanied by Howard University Ambassador-in-Residence Larry Palmer and Maria Elena Vivas-House, Director of the USAID Donald M. Payne International Development Graduate Fellowship Program.

## UAA Development Issues

On June 13, Michael Pillsbury, head of Chinese Studies at the Hudson Institute, engaged those in attendance at the Development Issues Committee meeting in a wide ranging discussion of USAID's history and contemporary challenges. The conversation was very stimulating and interesting. Pillsbury has authored three books on China and advised several administrations on Chinese policy. He also has written an unpublished book, *AID's Secret Success*, focusing on USAID's work to improve economic policies in Korea, Taiwan and a number of other countries.

## UAA Public Outreach

Public Outreach--Beth Hogan is back in the US after over 6 months in El Salvador as Acting Mission Director. She and Jim Bever will be coordinating with Barbara Bennett and others during July to reach out in the coming year to Alumni, hopefully visit some of them, link them with like-minded groups, and start public education initiatives about the importance of US foreign assistance. This will build upon the successful meeting held June 26 between the new USAID Deputy Administrator Bonnie Glick and some of UAA's leadership team

## Alumni Profile: Dr. Kevin A. Rushing, DVM

Kevin Rushing served as a Foreign Service Officer for 33 years and retired in October 2011 as Mission Director to Nepal and Jordan. He then embarked on a new path of public service in law enforcement and humane

society work for his Rutland County, Vermont community, but continues his interest in USAID service overseas.

During his overseas career, Kevin found ways to use his Doctor of Veterinary Medicine degree. He treated a multitude of wild animals including chimpanzees, cheetahs, elephants, tigers, lions, reptiles, as well as domestic animals such as cats, dogs, birds, and the occasional guinea pig. He also provided routine medical/surgical services for the pets of US Embassy

staff.

After leaving USAID, Kevin, his spouse, Debbie Singiser, and their two young children began a new life in Vermont, Debbie's home state. After six-months of retirement, Kevin accepted a one-year assignment in Afghanistan as a Senior Development Officer representing USAID in Mazar-e-Sharif and Herat.

Kevin's ongoing commitment to public service led him to the Vermont State Police Academy where he graduated and accepted a position with the Rutland County Sheriff's Department. As Deputy Sheriff, Kevin found himself involved in all facets of law enforcement including protecting life and property, general patrol duties, and aiding people in emergencies. He enjoys participating in sobriety checkpoints, since traffic safety is one of Kevin's key interests with the Sheriff's Department.

While working with the Sheriff's Department, Kevin completed two short-term USPSC assignments in East Africa: Ethiopia, where he wrote the PAD for Ethiopia's Feed the Future program, and Tanzania, where he served as Senior Program Budget Advisor.

In October 2017, Kevin returned to his passion of animal welfare when he accepted the appointment as Executive Director for the Rutland County Humane Society. During his 13-month tenure, Kevin was responsible for the health care of more than 1,400 shelter animals, improving overall operations and decreasing the shelter's deficit. Kevin enjoyed his brief stint at the County Humane Society and believes his veterinary skills, leadership abilities, and dedication to community service helped him effectively lead the organization in its mission to build a more humane society for all.

The international development bug caught Kevin again and, since December 2018, he is based in Juba, South Sudan leading a team of technical advisors and staff supporting the peace process. He's also found time to advise and provide technical support to a local South Sudanese veterinarian.

Kevin would be glad to hear from USAID friends. He can be reached at [zoodoc92@yahoo.com](mailto:zoodoc92@yahoo.com)
